

VORträge zum Operations Research

Kolloquium des Instituts für Operations Research

Zeit: Donnerstag, 16. Februar 2017, 17:30 Uhr

Ort: Raum 4A-09, Gebäude 05.20

Es spricht: Prof. Erwin Hans, University of Twente

Zum Thema: **Towards an ecosystem of Healthcare OR/OM education, research and impact**

Abstract: Erwin Hans is a full professor Healthcare Operations Management of University of Twente (UT) in the Netherlands. He is co-founder of CHOIR, a research group on Healthcare OR/OM. In his talk he will explain how CHOIR tries to closely collaborate with healthcare practice, ICT developers and consultants to create an ecosystem where CHOIR's research and education activities lead to an actual impact in healthcare.

Prof. Hans is also program director for the Industrial Engineering Management BSc and MSc programs at UT, which are ranked highest in national rankings and student appreciation. As part of the program's internationalization strategy, he is looking for increased international collaboration in terms of exchanges of students and staff.
